

Policy measures to facilitate CO₂ neutrality in Nordic tourism

Join the workshop on April 16!

You are cordially invited to participate in a workshop discussing opportunities and barriers to increasing the share of alternative fuels in Nordic bus and coach tourism.

The workshop is one of a series of events held in 2019-2020 whose product, a roadmap of recommendations for carbon neutral tourism in the Nordic countries, will be presented to the Nordic Council of Ministers in 2021.

So far meetings with representatives of marine related tourism, car rental companies in addition to the hospitality sector have provided great insight into the current status and means by which to further support adoption alternative fuels in transport and sustainable practices in Nordic tourism.

- 🚌 April 16 2020, 9:00 – 11:00
- 🚌 Aronsborgs Conference Hotel
