Disclaimer

This procedure is valid for the registration to the Economic Operator Portal for Road Transport Posting Declaration – Training environment.

While the procedure to register to the production environment is similar, the addresses of the web pages differ.

1. Create a EU Login Account

In order to access the Road Transport Economic Operator Portal, all users must have their own personal EU Login account.

While the creation of the EU Login account can be performed as part of the Company Account creation, it is recommended to perform it separately and as an initial step.

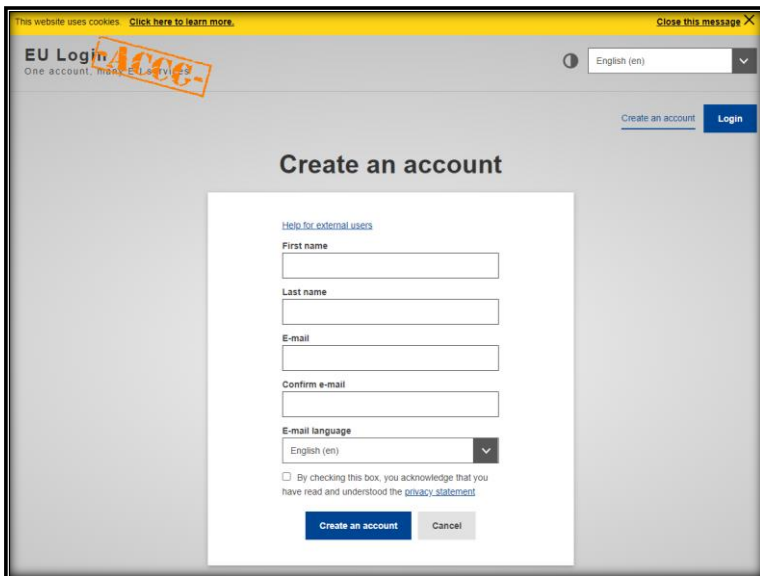

Please follow the below instructions. In case of issues, please refer to the EU Login [Help page](#).

a. Navigate to the EU Login registration page

From your web browser, navigate to:

<https://ecas.acceptance.ec.europa.eu/cas/eim/external/register.cgi>

The following page is displayed

The screenshot shows the 'Create an account' page for EU Login. The page has a grey background with a white central form. At the top left, there is a logo for 'EU Login' with the tagline 'One account. Many services.' and a language selector set to 'English (en)'. Below the logo, there are links for 'Create an account' and 'Login'. The main heading is 'Create an account'. The form contains the following fields: 'First name', 'Last name', 'E-mail', and 'Confirm e-mail'. Below these fields is a dropdown menu for 'E-mail language' set to 'English (en)'. At the bottom of the form, there is a checkbox for 'By checking this box, you acknowledge that you have read and understood the [privacy statement](#)'. Below the checkbox are two buttons: 'Create an account' and 'Cancel'.

b. Complete your profile

Fill in your name, last name, enter and confirm your email address and choose a preferred language to receive instructions by email.

Company Account created

Your company account has been successfully created. You can update the company and transport manager information from the account module in the left menu.

You can now start preparing the declarations for your drivers. To create the declarations you must first **add the drivers** that are posted to other countries and then start defining the declarations for the drivers.

You can start adding the drivers and declarations now or you can do this later using the options in the left menu.

In the left menu you can also check if there are any request for documents opened for any of the declarations submitted for your drivers.

Done

Your company account is created. Click on **“Done”** to access your account and invite your colleagues to join the portal.
